Special thanks to all of our volunteers, and particularly Pick 'n Pay Brightwater, for their donation of a food hamper per volunteer to Lehae la Tshepo (Home of Hope) child support centre!

Preparation for the big day in full swing!

The volunteers are organised, and the Olympic relay is run. Finally, the Olympic torch is lit.

"Let the games begin!"

Our athletes take to the track in a blur of speed and excitement.

Or take a break from the action to indulge in some different artistic disciplines.

After the races are run, the winners take to the stands to receive their medals.

(while a well worked volunteer takes her prize of a few minutes rest)

Last but not least (and before we forget),
always take some time to stop what you are doing and CONGA!

The essential thing in life is not to have conquered but to have fought well!
